

Players Locker

Construction:

Player's locker is made of 13mm thick High Pressure Laminate with back panel made of 6mm thick HPL composed of layers of kraft paper impregnated with phenolic resin, having superior resistance against impact, every day wear and tear, scratches, stains and water, and maintaining its integrity even in the most heavy-duty application.

- **Locker Cabinet:** Locker cabinet includes master keyed cylinder lock system.
- **Grooming Unit:** Grooming unit consists of mirror and a provision for spot light.
- **Seat:** Upholstered built-in bench for seating available in wide range of colors.
- **Cabinet:** Player's bag cabinet with hydraulic struts for soft-closing of lift-up shutter.
- **Shoe Rack:** 300mm high shoe rack made of 13mm thick HPL.
- **Base:** Bespoke HPL base with adjustable feet for uneven floors
- **Hardware:** Standard hardware includes a cylinder lock with master key system, chrome-plated hanger rod, heavy-duty hinges, soft-closing hydraulic struts and permanently engraved numbering system.

- Mirror unit with spot light
- Locker with master key system
- Shoe rack unit Cabinet for player's bag
- Upholstered integrated bench Hanger rod
